3. Talked with George Wilson, Secretary to Sen. Knowland (R.Cal.), and gave him a copy of the Intelligence Digest prepared in England by private sources for commercial sale, as Sen. Knowland was anxious to see one. Suggested such a publication would not be helpful in view of the absence of any way to check its accuracy.

4. Met with Mr. Schaub and Mr. Miller, Bureau of the Budget, to acquaint them with certain problems we expected to meet. Told them they could expect a draft of our legislation within a week.
